

You've Been Flocked!

This Flock of Pink Flamingos has gathered upon your property to roost!

But don't despair....

This is a fundraiser by 7/8th graders at Ocean Shore School!

A friend of yours paid us to place these pink darlings in your yard. Plastic Pink Flamingos are very territorial and unless they are placed on someone else's lawn, they will roost on your property for a very long time.

Removal of the Flock should be attempted only by trained professionals! Fortunately, our Removal Technicians are highly skilled. Of course, the removal of these flamingos will be done at no charge, so please don't hurt our pink feathered friends!

Please check the options below that apply and we will send a team to remove these pesky, but very loveable, pink birds:

I appreciate the flocking but am not able to donate funds at this time.

I would like to make a generous tax-deductible donation of \$_____ toward the removal of the Pink Flamingos.

In addition to the above donation, I would like to pay to have someone Flocked.

Suggested donations:

\$25 half flock (10+ birds) or \$35 for a full flocking (20+ birds).
